

VCS Verification Certificate

Number: VCS.11.VER.0010

KBS performed the verification of GHG emission reductions for:

Project Title: **Bundled wind energy generation projects in Gujarat, India**

Monitoring period: **01/07/2010 to 31/07/2011**

Verified emission reductions: **110,082 tCO₂e**

Verification opinion date: **10/11/2011**

The project is in accordance to approved monitoring methodology ACM0002, version 6 and VCS 2007.1 standard.

A risk-based approach, through a detailed review of documents and on-site assessment of the project activity, was followed during verification by KBS.

Upon the review, by the following assessment team it is concluded that the emission reductions are real, additional and permanent.

Lead Auditor: Nitin Kumar Sharma

TA Expert: Lalit Dagar

Verifier: Shreya Garg

Manager T & C: Ashok K. Gautam

This verification is based on the information made available to KBS during the engagement of the work. KBS has reached at the opinion based on all relevant information required for professional judgment. However, KBS disclaims any liability for decisions made by a person or entity based on any incorrect results arising from misleading or false information supplied.
